

# ENROLL US

We Want to Be a Partner in EPA's  
National Partnership for Environmental Priorities

## IDENTIFYING INFORMATION

Name of Organization: Lansing Board of Water & Light (BWL)  
Principal Contact: Sue Pemberton  
Authorizing Official: Mary Dwyer  
Address: P.O. Box 13007  
Phone/Fax: (517) 702-6363 / (517) 702-6373  
EPA RCRA ID Number: MID000718338

Facility Name: \_\_\_\_\_  
Title: Environmental Specialist  
Title: Manager, Environmental Services  
City/State/Zip: Lansing, MI 48901  
Email: slp1@lbwl.com  
Date: September 24, 2007

## PARTNER AGREEMENT

Our organization is choosing to become a partner in EPA's National Partnership for Environmental Priorities. Our goal is to reduce the quantity of one or more Priority Chemicals currently found in our products, processes, or releases using techniques such as source reduction, recycling, or other materials management practices. In this enrollment application, we identify one or more voluntary goals that we believe we can achieve as partners in this program. The voluntary goal(s) provided below is an initial estimate and may change over time. We may revise our goal(s) or withdraw from the program at any time. If/when we choose to revise our goals or withdraw from the program, we will notify EPA.

**GOAL #1. Chemical Name:** Lead **CASRN:** 743-92-1

### Narrative description of proposed project:

Lead pipe has been identified as a source of lead in drinking water. BWL made a commitment to replace all lead water services by the year 2014 at a cost of over \$35 million. As of August 31, 2007, 4,693 services have been replaced. Replacements will be made based on associated risk. Schools, daycare centers, and residences having children with elevated blood lead levels will take precedence.

### How we will measure success:

We will measure success by tracking the amount of lead, in pounds, removed from service each year.

1a. Our voluntary **source reduction** goal for Chemical #1 is to reduce the amount of this chemical generated/used from a baseline amount of \_\_\_\_\_ pounds in \_\_\_\_\_ (month/year) to a reduced amount of \_\_\_\_\_ pounds generated/used by \_\_\_\_\_ (month/year).

1b. To accomplish this goal, we will use the following source reduction options (check all that apply):

- |   |  |
|---|--|
| <input type="checkbox"/> Equipment or technology modifications. | <input type="checkbox"/> Process or procedure modifications.                 |
| <input type="checkbox"/> Reformulation or redesign of products. | <input type="checkbox"/> Substitution of less toxic raw materials.           |
| <input type="checkbox"/> Improvements in inventory control.     | <input type="checkbox"/> Improvements in maintenance/housekeeping practices. |
| <input type="checkbox"/> Other (describe): _____                |  |

2a. In addition to, or in lieu of using source reduction methods, our voluntary **recycling or recovery** goal for Chemical #1 is to increase the recycled or recovered quantity of this chemical from a baseline amount of 31400 pounds in January, 2007 (month/year) to an increased quantity of 35000 pounds by December, 2007 (month/year).

2b. To accomplish this recycling or recovery goal, we will use the following options (check all that apply):

- |  |
|--|
| <input type="checkbox"/> Direct use/reuse in a process to make a product.  |
| <input checked="" type="checkbox"/> Processing the waste to recover or regenerate a usable product.  |
| <input type="checkbox"/> Using/reusing waste as a substitute for a commercial product.   |
| <input checked="" type="checkbox"/> Other (describe): <u>We will send decommissioned service pipe to a local scrap dealer for recycling.</u> |

3. We have a Quality Assurance/Quality Control Plan for data (check which applies). ☒ Yes ☐ No

Please use supplemental sheets for additional goals.
